Shuttle service is provided by the Town of East Hampton, through the Hampton Hopper, with support from New York State. Shuttles operate Monday-Friday year-round, except for legal holidays and times when LIRR South Fork Commuter Connection trains are not running, which will include Fridays during the summer.

Routes are subject to minor changes with notice of 10 days. Schedule changes will be posted on the Hampton Hopper app and website and at EHamptonNY.gov. Communicate with the Hampton Hopper: Riders may call or send text messages to 631-259-7076. Text messages are recommended. This is not done in the app, but by using any cell phone that is capable of sending and receiving text messages. A dispatcher will reply to these messages.

Riders will only be allowed to board the shuttle bus with the purchase of a LIRR ticket. Shuttle buses are only available for SFCC trains. Riders can purchase any LIRR ticket, but those traveling between Speonk and points east can save money by purchasing tickets specifically for the South Fork Commuter Connection.

Shuttle drop offs may occur at any safe location along the route. Return riders will only be taken to the LIRR station. Riders can flag or wave the bus down to board the bus at any safe location along the route or notify the Hampton Hopper of a requested pickup at least one hour in advance.
